

ALBA IULIA **SMART CITY**

the city where the future was born

Liviu STANCIU

Communication Manager Alba Iulia Smart City

alba iulia **smart city**

What is #AlbaIuliaSmartCity?

- first smart city pilot project in Romania (launched in 2016);
- unique in RO, implemented by Alba Iulia Municipality in partnership with the Ministry of Communications and Information Society and private companies;
- focused on community: to convert modern technologies in order to improve the quality of life;
- focused on business environment: transforming the city to become more friendly with business environment | start-up launchpad;
- purpose: increasing economic efficiency, costs reduction, improving quality of life - a more livable city.
